

BLOCK NAME	INTERNSHIP
BLOCK CODE	CS-L6B9
COURSE	3
LEVEL	6
CREDITS	15
CLASS HOURS	0
HOMEWORK	0
TOTAL HOURS	360

DESCRIPTION

In this block, students will get to apply what they have previously learned in a real tech company during an internship.

PRE-REQUISITES

Having attended and passed all Levels prior to the Internship with merit.

OBJECTIVES

The goal is for students to keep broadening their experience and developing as professionals. They will get to apply their acquired knowledge, skills and abilities in the most practical way. With this internship, they'll be attractive professionals with experience, apart from having an extense portfolio of projects.

SKILLS TO BE DEVELOPED

1. Teamwork.
2. Pressure management.
3. Expectation management.
4. Practical application of knowledge.
5. Discipline.
6. Creativity.

DEDICATION AND EVALUATION

Students will be given an overall grade by their employers. Effort, discipline, and quality of work will be evaluated.
